03 TESTING & DOCUMENTATION

GMP standards of quality management in order to supply our partners with high-quality products. We are capable of supplying full analytical support with documentation both for cosmetic and OTC products.

BEAUTY - SKIN, HAIR AND NAILS

A daily dose of one sachet contains 1000 mg of L-glutathione, 1000 mg of L-cysteine, and 500 mg of vitamin C.

BEAUTY SKIN SHINE - BEAUTY AND SHINY SKIN

Packaging: 20 sachets

Shiny Skin is your preparation for the sun, contains a combination of high concentrations of endogenous and exogenous antioxidants.

It protects skin cells from oxidative stress, increases their resistance to the harmful effects of UV radiation, tobacco smoke and other factors to which they are exposed on a daily basis, and provides a healthy and radiant appearance of the skin.

Recommended dose

One sachet a day, dissolved in a glass of water or juice.

A daily dose of one vial of 25 ml contains 1000 mg of L-glutathione, 1000 mg of L-cysteine, and 500 mg of vitamin C.

BEAUTY SKIN SHINE VIALS - BEAUTY AND SHINY SKIN

Packaging: 10, 16 or 30 pc PET vials of 25 ml

Shiny Skin is your preparation for the sun, contains a combination of high concentrations of endogenous and exogenous antioxidants.

It protects skin cells from oxidative stress, increases their resistance to the harmful effects of UV radiation, tobacco smoke and other factors to which they are exposed on a daily basis, and provides a healthy and radiant appearance of the skin.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use. The content of the ampoule can be diluted with water or juice.

BEAUTY SKIN HEALTHY - BEAUTY SKIN WITH MSM

Packaging: 20 sachets

Synergistic action of MSM, vitamin C, and Q10 reduces wrinkles and restores skin elasticity and energy.

High concentrations of ingredients in one sachet which have been proven to reduce the number, depth, and length of wrinkles in as little as within 8 weeks.

It enhances the effect of other food supplements. It is recommended to be used after the age of 25, especially for persons who are exposed to stress and hectic modern-day life, which leaves a mark on the skin.

Recommended dose

One sachet a day, dissolved in a glass of water or juice.

A daily dose of one sachet contains 4000 mg of MSM, 50 mg of Q10, and 500 mg of vitamin C.

BEAUTY - SKIN, HAIR AND NAILS

A daily dose of two spoons contains 5000 mg of hydrolysed marine collagen, 500 mg of hyaluronic acid, and 80 mg of vitamin C.

BEAUTY MARINE COLLAGEN POWDER

Packaging: PET jar, 100 – 500 mg

Practical use of collagen

A combination of collagen and hyaluronic acid nourishes the skin from within, and vitamin C contributes to normal collagen formation. It contains 5 g of Naticol – hydrolysed marine collagen, hyaluronic acid, and vitamin C in a recommended daily dose.

Vitamin C contributes to normal collagen formation for the normal function of skin.

It is clinically proven that the intake of 5 g of Naticol – hydrolysed marine collagen during 8 weeks reduces the appearance of wrinkles and improves skin tightness.

Recommended dose

Dissolve two dosage spoons of powder in a glass of water or juice and drink once a day.

A daily dose of one vial of 25 ml contains 5000 mg of hydrolysed marine collagen, 100 mg of hyaluronic acid, 100 mg of vitamin C, and vitamin B3.

BEAUTY MARINE COLLAGEN 5000 VIALS

Packaging: 10, 16 or 30 pc PET vials of 25 ml

Innovative natural combination for your skin.

Ampoules contain 5 g of Naticol – hydrolysed marine collagen, hyaluronic acid, vitamin C, vitamin B3, and zinc in a recommended daily dose.

Zinc and vitamin B3 additionally contribute to the maintenance of normal structure and appearance of skin, hair, and nails.

Vitamin C contributes to normal collagen formation for the normal function of skin.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use. The content of the ampoule can be diluted with water or juice.

BEAUTY - SKIN, HAIR AND NAILS

A daily dose contains 10000 mg of hydrolysed marine collagen, 50 mg of hyaluronic acid, 100 mg of vitamin C, vitamin B complex, manganese, and zinc.

BEAUTY MARINE COLLAGEN 10000 VIALS

Packaging: 10, 16 or 30 PET vials of 25 ml

Innovative product for skin, hair, and nail health.

Collagen in liquid form ensures a fast absorption and higher efficiency, which contributes to the beauty of your skin in the long term.

A combination of collagen, hyaluronic acid, and vitamin B complex nourishes the skin from within, and vitamin C contributes to normal collagen formation for the normal function of skin and contributes to the protection of cells from oxidative stress.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use.

The content of the ampoule can be diluted with water or juice.

A daily dose of 25 ml contains 500 mg of cysteine, 10 mg of zinc, and B- complex vitamins (B1, B2, B6, B12, folic acid, biotin, pantothenic acid, niacin).

HAIR BEAUTY

Packaging: PET bottle of 500 ml

Nourishment and shine for your hair.

Keratin is the main building element of hair and nails and makes 80% of the chemical composition of hair.

It contains larger quantities of amino acid cysteine bound by disulphide bonds which make up cystine. Double bonds connect keratin chains transversely. The number of bonds depends on the type of hair, and a larger number ensures better strength and resistance to chemicals and mechanical damage.

A liquid form of keratin ensures a faster absorption and better usability, which contributes to the beauty of your hair in the long term.

Gluten-free, lactose-free.

Recommended dose

Take 25 ml once a day.

BEAUTY - SKIN, HAIR AND NAILS

HAIR GROWTH CAPSULES FOR MEN

Packaging: PET jar, 10 – 100 capsules

It reduces hair loss caused by androgenic alopecia while strengthening the hair root and follicle. It helps preserve natural pigment and stimulates hair growth and increases hair density.

It is suitable for individuals in the early or advanced stages of hair loss, experiencing slow growth and thinning hair, or needing to strengthen their hair and preserve its natural pigment.

Gluten-free, sugar-free.

Recommended dose

Take 2 capsules per day, suitable from 12 years of age. Suitable for long-term use. Safe to use for women with androgenic alopecia and/or elevated androgen levels.

A daily dose contains 650 mg of Cynatine® HNS, 160 mg of saw palmetto fruit extract, 100 mg of L-methionine, 100 mg of L-tyrosine, 5 µg of vitamin B12, 7.5 mg of pantothenic acid, 150 µg of biotin and 10 mg of zinc.

HAIR GROWTH CAPSULES FOR WOMEN

Packaging: PET jar, 10 – 100 capsules

Restoring and anti-aging serum.

The capsules nourish hair from within, from root to tip, while strengthening its structure and stimulating keratin synthesis, helping to reduce hair loss and support a healthy growth cycle. They are suitable for individuals experiencing increased hair loss or brittle hair, undergoing hormonal changes such as postpartum, menopause, or PCOS, or noticing slow hair growth and a loss of shine.

Gluten-free, sugar-free.

Recommended dose

Take 2 capsules per day, suitable from 12 years of age. They are safe for pregnant

A daily dose contains 500 mg of CYNATINE® HNS, 100 mg of bamboo shoot extract, 100 mg of L-methionine, 80 mg of vitamin C, 5 µg of vitamin B12, 7.5 mg of pantothenic acid, 150 µg of biotin, 10 mg of iron and 10 mg of zinc.

HAIR GROWTH SPRAY

Packaging: PET bottle of 125 ml

Restoring and anti-aging serum.

The lotion improves blood circulation to the scalp and nourishes the hair root, without causing a feeling of heaviness.

- Activates follicles and prolongs the growth phase (anagen).
 - Strengthens the hair both at the surface and from the root.
 - Balances the scalp, stimulates circulation, reduces sebum
- The formula is enriched with natural fenugreek and rosemary extracts, amino acids (arginine, cysteine, methionine), and vitamins B3, B5, and biotin. The product is suitable for both women and men.

Apply

Shake the bottle of lotion well. Evenly distribute the lotion onto the scalp. Gently massage the lotion into the scalp using relaxing circular motions, which stimulates circulation. Leave it on the scalp for 15-20 minutes, then rinse off if necessary. Use the lotion 3-4 times a week, depending on your needs.

The spray contains arginine, cysteine, methionine, vitamins B3 (niacinamide), B5 and B7 (biotin), rosemary and fenugreek extracts.

BEAUTY - SKIN, HAIR AND NAILS

BEAUTY MARINE COLLAGEN 5000

Packaging: PET bottle of 500 ml

Innovative product for skin, hair, and nail health.

A combination of collagen, hyaluronic acid, and resveratrol nourishes the skin from within, and vitamin C contributes to normal collagen formation.

It is clinically proven that the intake of 5 grams of Naticol hydrolysed marine collagen during eight weeks reduces the appearance of wrinkles and improves skin tightness.

Collagen in liquid form ensures a fast absorption and higher efficiency, which contributes to the beauty of your skin in the long term.

Gluten-free, lactose-free.

Recommended dose

Take 50 ml once a day.

Daily dose of 50 ml contains 5000 mg of hydrolysed marine collagen, 100 mg of hyaluronic acid, 100 mg of vitamin C, and 10 mg of resveratrol.

BEAUTY MARINE COLLAGEN 5000 IN SACHETS

Packaging: 10-30 sachets

Innovative product for skin, hair and nail health.

A combination of collagen, hyaluronic acid, and resveratrol nourishes the skin from within, and vitamin C contributes to normal collagen formation.

It is clinically proven that the intake of 5 grams of Naticol hydrolysed marine collagen during eight weeks reduces the appearance of wrinkles and improves skin tightness.

BEAUTY MARINE COLLAGEN 10000

Packaging: PET bottle of 500 ml

Innovative product for skin, hair, and nail health.

A combination of collagen, hyaluronic acid and vitamin B complex nourishes the skin from within and vitamin C contributes to normal collagen formation for the normal function of skin and contributes to the protection of cells from oxidative stress.

With ageing, cells lose the ability to create collagen and hyaluronic acid so the skin starts to lose its elasticity and plumpness, which leads to the appearance of wrinkles.

With ageing, collagen fibres start to separate and interspace filled with hyaluronic acid starts to decrease and empty.

The intake of collagen ensures additional collagen and hyaluronic acid in the body. Collagen in liquid form ensures a fast absorption and higher efficiency, which contributes to the beauty of your skin in the long term.

Gluten-free, lactose-free.

Recommended dose:

Take 50 ml once a day.

A daily dose of one sachet contains 10000 mg of hydrolysed marine collagen, 100 mg of hyaluronic acid, 100 mg of vitamin C, vitamin B complex, manganese and zinc.

BEAUTY MARINE COLLAGEN 10000 IN SACHETS

BEAUTY - SKIN, HAIR AND NAILS

A daily dose of 50 ml contains 20000 mg of hydrolysed marine collagen, 500 mg of MSM, 100 mg of hyaluronic acid, 50 mg of coenzyme Q10, 500 mg of vitamin C, 12 mg of vitamin E, 920 mcg of vitamin A, 25 mcg of vitamin D, 10 mg of zinc, 55 mcg of selenium, 800 mg of L-lysine, 500 mg of L-hydroxyproline, 300 mg of L-arginine, 100 mg of elastine, and 70 mg of ceramides.

BEAUTY MARINE COLLAGEN 20000

Packaging: PET bottle of 500 ml

A combination of ingredients which support the skin in three most important ways.

Ceramides – key lipids for young and hydrated skin. Losing ceramides due to ageing means losing water barrier. It leads to dry, itchy skin, wrinkles and skin without a healthy glow. It restores the skin's ceramide content. CERAMOSIDES™ is the ultimate moisturizer for smooth and youthful skin, replenishing the wrinkles and giving a healthy glow.

Collagen & elastine thicken the dermis and support skin's structure.

Free amino acids are necessary for collagen production, easy for absorption, restore collagen fibers very fast and also inhibit collagenases, a group of enzymes responsible for collagen degradation.

In combination with vitamins, minerals, Q10, MSM, and hyaluronic acid, this formulation ensures fast rejuvenation of the skin.

Sugar-free, lactose-free, safe for persons allergic to gluten.

Recommended dose

Depending on needs, the product can be consumed in a dose of 12.5 ml/25 ml or 50 ml a day.

BEAUTY MARINE COLLAGEN 20000 SHOTS

Packaging: 15 or 30 PET bottles of 50 ml

BEAUTY - SKIN, HAIR AND NAILS

BEAUTY AND ENERGY

Packaging: 10-30 sachets

Flavours: Blackcurrant or orange / mango and red orange
Combining beauty routines, an antioxidant boost, and extra energy is no longer impossible.

Developed in response to the need to give our bodies something more when they start showing signs of fatigue. Skin becomes dull and sensitive, muscles lose tone, and decreased energy levels make us feel and look older than we are.

The highest quality active ingredients in just one sachet a day ensure:

- Superfood for skin and body – Acerola & Astaxanthin
- Antioxidant boost and energy – MicroActive Q10 & natural Vitamin C
- Beauty routine – 7,500 mg collagen peptides, hyaluronic acid & zinc gluconate

Recommended for tired appearance and feeling of weakness, inflammatory processes and allergic reactions, hydrated, nourished, wrinkle-free skin resistant to UV radiation, restoring

Gluten-free, lactose-free, sugar-free

Recommended dose

One sachet a day, dissolved in a glass of water.

BEAUTY SKIN CREAM ACTIVE

Packaging: 50 or 100 ml

Collagen cream for young skin suffering from lack of sleep, stress and harmful effects of radiation.

Contains Liftonin expert eco which has been proven to stimulate fibroblast proliferation and collagen synthesis in the dermis. Dawnergy™ peptide solution wakes up cells. Its anti-fatigue and anti-aging effects improve the complexion early in the morning and result in more radiant skin.

Hyaluronic acid soothes and additionally nourishes the skin, making it smooth and soft.

The cream is easily spread and quickly absorbed. It is suitable for all skin types.

Recommended dose

Apply the cream on the face and neck twice a day.

A daily dose of one sachet contains 7500 mg of hydrolysed collagen, 100 mg of hyaluronic acid, 10 mg of coenzyme Q10, 2 mg of astaxanthin, 1000 mg of acerola fruit

The cream consists of Liftonin expert eco, Dawnergy peptide, and hyaluronic acid.

BEAUTY - SKIN, HAIR AND NAILS

BEAUTY SKIN CREAM INTENSIVE

Packaging: 50 or 100 ml

Making up to your skin for everything that is lost. Face cream for mature skin requiring nourishment and help with collagen synthesis.

Contains Liftonin expert eco in a high concentration which stimulates fibroblast proliferation and collagen synthesis in the dermis. Argireline peptide also known as natural Botox is the first peptide with a specific effect on expression wrinkles. A high concentration of hyaluronic acid plumps the skin alongside its hydrating effects, which improves the appearance of fine lines and wrinkles and leaves the skin looking healthy and refreshed.

The cream is easily spread and quickly absorbed. It is suitable for all skin types.

Recommended dose

Apply the cream on the face and neck twice a day.

Cream consist of Liftonin expert eco, Argireline peptide, and hyaluronic acid.

The cream consist of Liftonin expert eco, Dawnergy peptide, and hyaluronic acid.

The serum consists of 4 types of hyaluronic acid, pro-vitamin B5, and Matrixyl 3000.

HYALURON SERUM

Packaging: 30 ml

Hydrating and moisturizing serum.

4 types of hyaluronic acid keep the skin moisturized, hydrated, and plump, holding water in deep layers of the skin and promoting the barrier repair of the epidermis.

Provitamin B5 has soothing and regenerating properties and transforms dull skin into radiant young skin.

Matrixyl® 3000 peptide is a potent anti-ageing ingredient which reduces the appearance of fine lines and wrinkles. it restores life to the sagging skin and makes it glowy.

For all types of skin, without irritation, day & night.

Recommended dose

Apply a few drops of serum to thoroughly cleansed and moist skin of the face and neck. For a better effect, it is recommended to gently massage the serum before applying a day/night cream on the moist skin of the face.

BEAUTY - SKIN, HAIR AND NAILS

RETINAL SERUM

Packaging: 30 ml

Restoring and anti-aging serum.

Retinaldehyde 0.05% promotes skin cell turnover, improves skin tone, helps unclog pores, and thickens the dermis to slow down the formation of wrinkles.

B3 vitamin minimizes pores, helps improve the appearance of fine line and wrinkles, helps with pigmentation and brightening, and is great for regulating sebum production.

B5 and hyaluronic acid hydrate the skin, provide elasticity, and reduce skin irritation.

For all types of skin, night serum

The serum consists of retynaldehyde, hyaluronic acid, vitamin B3, and vitamin B5.

BEAUTY HAND CREAM

Packaging: 100 ml

Restoring and anti-aging serum.

Hand cream enriched with shea butter, hyaluronic acid, jojoba oil, and niacinamide. It nourishes the skin of the hands and protects it from drying out, promotes skin regeneration, and restores moisture balance. The light and airy texture allows for quick absorption without greasy residue, ensuring the skin looks healthy and has a refined scent of honey dew orchid.

Apply

Apply to clean and dry skin.

Cream consist of shea butter, jojoba oil, almond oil, vitamin E, honey dew and orchid scent

BEAUTY BODY CREAM

Packaging: 400 g

A body cream with a rich formulation that provides deep hydration and care, specially developed for normal and dry skin.

Enriched with shea butter, cold-pressed jojoba oil, almond oil, and natural vitamin E. It has a light and airy texture that allows for quick absorption without greasy residues, ensuring the skin looks healthy and has a refined scent of honey rose orchid.

Apply

Apply to clean, dry body.

Cream consist of Niacinamide (Vitamin B3), Shea Butter, Hyaluronic Acid, Jojoba Oil, Aloe Vera, Almond Oil, Natural Mixture of Tocopherol, Honey Dew & Orchid Scent

DETOX

A daily dose of 25 ml contains 1251 mg of mate tea, 3000 mg of black radish, 400 mg of birch, 200 mg of dandelion, 162 mg of milk thistle, 125 mg of artichoke, 300 mg of bromelain, and 300 mg of papain.

DETOX

Packaging: PET bottle of 500 ml

The first step of transformation.

A combination of ingredients which activate the metabolism.

It is recommended for liver and body detox, for metabolism activation and better digestion, in case of problems with visceral body fat (fat accumulation around the abdominal area and hips), in case of problems with water retention and build-up of cellulite, to increase exercise efficiency, and promote faster weight loss as well as waistline reduction.

JOINT AND BONES HEALTH

A daily dose of one sachet contains 2500 mg of collagen, 1000 mg of glucosamine, 500 mg of chondroitin, 500 mg of MSM, 100 mg of hyaluronic acid, 2 mg of astaxanthin, 40 mg of ginger extract, 40 mg of vitamin C, 10 µg of vitamin D, and 2 mg of manganese.

FLEX-JOINT SOLUTION IN SACHETS

Packaging: 10-30 sachets

Flavour: Red orange

With the aim of actively addressing the symptoms of degenerative joint changes, which most commonly affect the joints of the hands, hips, knees, feet, and spine, as well as maintaining normal muscle function and strong bones, FLEX- JOINT SOLUTION has been developed, a preparation with 10 ACTIVE INGREDIENTS.

It is recommended for:

- Inflammatory and degenerative changes in the joints (joint damage due to aging and/or genetic predisposition)
- Weakened joint function (older age)
- Joint, muscle, and bone trauma
- Intense joint strain (training, prolonged standing, excessive body weight)
- The need for cartilage regeneration and joint fluid production
- Athletes for muscle fiber recovery, ligament repair, and joint stabilization
- Individuals suffering from reduced mobility and joint pain

Gluten-free, lactose-free.

Recommended dose:

One sachet a day, dissolved in a glass of water.

A daily dose contains Ca 140 mg, K2 125 mcg, D3 25 mcg, and phosphorus 105 mg.

K2D3

Packaging: sachets

Additional strength for your bones and muscles.

An innovative formulation that in one dose provides 224% nutrient reference value of vitamin D3, vitamin K2, calcium, and phosphorus.

Enables the absorption of calcium and phosphorus, regulates the growth and differentiation of normal osteoblast functions and is essential for healthy bones and teeth.

Vitamin K2 enables calcium binding to the bone and prevents calcium deposition in blood vessels.

In addition to necessary vitamins, Omniflex K2D3 also provides calcium and phosphorus in the form of glycerophosphate.

Recommended dose

1 sachet a day, dissolve directly in the mouth.

JOINT AND BONES HEALTH

It contains menthol and camphor, MSM and N-acetylglucosamine, and essential oils of eucalyptus and rosemary.

HOT & COLD CREAM

Packaging: 100 ml

Your joints and their ease of movement.

Gel cream for massage with warming and cooling effect contains carefully selected ingredients that contribute to the recovery of muscles and joints.

It allows the muscles to relax completely, gel-cream texture ensures the penetration of active ingredients deep into the skin and enables action at the inflammation site.

Recommended for:

- athletes, recreationists, and elderly persons
- mobility problems, joint pain, strains and sprains
- heavy leg feeling after prolonged standing
- chronic back and knee pain
- problems with peripheral circulation

Instructions for use:

As needed, gently massage until absorbed into the skin. Absorbs quickly, nourishes, and hydrates the skin. With no sticky after-feel.

A daily dose of one sachet contains 400 mg of magnesium citrate and 2 mg of vitamin B2.

MAGNESIUM CITRATE 400

Packaging: 30-50 sachets

Flavour: Orange

Food supplement in powder with 400 milligrams of 100% magnesium citrate and vitamin B2.

The pleasant taste of orange, when dissolved in a glass of water, contributes to normal energy metabolism and reduces fatigue and exhaustion. Magnesium citrate is an organic form of magnesium that ensures high bioavailability and fast action.

Magnesium in the form of MAGNESIUM CITRATE:

- ensures the normal function of all muscles in the body, including the heart muscle
- contributes to bone strengthening
- helps maintain the normal function of the nervous system

Vitamin B2:

- contributes to normal energy-generating metabolism and reduces fatigue and exhaustion
- contributes to normal iron metabolism and maintenance of normal red blood cells

Sugar-free, gluten-free, lactose-free.

Recommended dose

One sachet a day, dissolved in a glass of water.

JOINT AND BONES HEALTH

A daily dose of 2 tablets contains 80 mg of vitamin C, 300 mg of potassium, 60 mg of magnesium, 120 mg of chloride, 120 mg of calcium, 600 mg of sodium, 100 mg of guarana seed extract, and 100 mg of ginseng root extract.

EFFERVESCENT TABLETS HYDRATION & ENERGY

Packaging: PET tube with 20 effervescent tablets
Instant solution for fatigue and dehydration.

Food supplement with vitamin C, minerals, and guarana and ginseng extracts reduces tiredness and fatigue:

- ensures the creation of energy and raises its level
- contributes to electrolyte balance
- improves body hydration
- without sugar and added calories
- pleasant wild berry flavour.

When to recommend it?

- during a stressful period and the need for more energy and concentration
- with increased sweating, weakness, and chronic fatigue
- during and after physical activity
- for better performance and faster recovery
- to replenish electrolytes in case of vomiting, diarrhea, and diet

Sugar-free, gluten-free, lactose-free.

Recommended dose

2 tablets a day, dissolved in a glass of water.

VITAMINS AND MINERALS

EFFERVESCENT TABLETS C 1000

Packaging: PET tube with 20 effervescent tablets

One effervescent tablet contains 1000 mg of vitamin C (1250% NRV) which contributes to the normal function of the immune system and the protection of cells from oxidative stress.

Vitamin C has a role in normal energy-yielding metabolism and reduction of tiredness and fatigue. Vitamin C increases iron absorption and contributes to normal collagen formation for the normal function of bones, cartilage, gums, teeth, skin, and blood vessels.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 1000 mg of vitamin C.

EFFERVESCENT TABLETS C 1000 + ZINC

Packaging: PET tube with 20 effervescent tablets

One effervescent tablet contains 1000 mg of vitamin C (1250% NRV) and 15 mg of zinc which contribute to the normal function of the immune system and the protection of cells from oxidative stress.

Vitamin C contributes to the reduction of tiredness and fatigue and normal collagen formation. Zinc contributes to the maintenance of normal bones, hair, nails, skin, and vision.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 1000 mg of vitamin C and 15 mg of zinc.

EFFERVESCENT TABLETS C 1000 FORTE

Packaging: PET tube with 20 effervescent tablets

One effervescent tablet contains 1000 mg of vitamin C (1250% NRV), 15 mg of zinc (150% NRV), 25 mcg of vitamin D (500% NRV), 12 mg of vitamin E (100% NRV), and 55 mcg of selenium (100% NRV).

Vitamin C, vitamin D, selenium, and zinc contribute to the normal function of the immune system. Vitamin E contributes to the protection of cells from oxidative stress.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 1000 mg of vitamin C, 15 mg of zinc, 25 mcg of vitamin D, 12 mg of vitamin E, and 55 mcg of selenium.

VITAMINS AND MINERALS

EFFERVESCENT TABLETS CALCIUM + D3 + C

Packaging: PET tube with 20 effervescent tablets

One effervescent tablet contains (500 mg of calcium, of which 200 mg in the form of citrate and 300 mg in the form of carbonate), vitamin C (250 mg), and vitamin D3 (5 µg).

Calcium and vitamin D contribute to the normal function of muscles, bones, and teeth. Vitamin C contributes to the normal function of the immune system and normal collagen formation for the normal function of bones, cartilage, gums, teeth, skin, and blood vessels.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 500 mg of calcium, 5 mcg of vitamin D3, and 250 mg of vitamin C.

EFFERVESCENT TABLETS MG 375 + VIT C + B6

Packaging: PET tube with 20 effervescent tablet

One magnesium effervescent tablet contains magnesium (375 mg), vitamin C (120 mg), and vitamin B6 (1.4 mg).

Magnesium, vitamin C, and vitamin B6 contribute to the reduction of tiredness and fatigue. They also contribute to normal energy-yielding metabolism and normal functioning of the nervous system.

Magnesium contributes to electrolyte balance and normal muscle function.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 375 mg of magnesium, 120 mg of vitamin C, and 1.4 mg of B6.

EFFERVESCENT TABLETS MULTIVITAMINS AND MINERALS

Packaging: PET tube with 20 effervescent tablets

Multicomplex effervescent tablets contain 13 vitamins, 12 minerals, citrus bioflavonoids, inositol, and para-aminobenzoic acid.

Vitamins B6, B9, B12, vitamin C, and iron contribute to the reduction of tiredness and fatigue and normal function of the immune system.

Sugar-free, gluten-free, lactose-free.

Recommended dose

1 tablet a day, dissolved in a glass of water.

One tablet: 13 vitamins, 12 minerals, citrus bioflavonoids, inositol, choline, and PABA.

VITAMINS AND MINERALS

MINERAL IN SACHETS MAGNESIUM CITRATE

Packaging: 20 sachets with mouth-dissolving microgranules

It contains magnesium in the form of magnesium citrate and the entire vitamin B complex.

Better absorption and faster action of magnesium.

It contributes to the reduction of tiredness and fatigue, energy yielding, smooth muscle function/including heart muscle, and relaxes muscles (helps reduce pain in dysmenorrhea and headaches).

For athletes, for pregnant women, for a relaxation after a stressful day.

Gluten-free, lactose-free, suitable for vegans.

Recommended dose

Adults and children over the age of 12: Take one sachet a day.

Dosage per sachet: Mg 375 mg, B6 1.4 mg, and B9 200 mcg.

MINERAL IN SACHETS 375

Packaging: 20 sachets with mouth-dissolving microgranules

For muscles, energy, and mental capacity.

One sachet of magnesium 375 in microgranules contains magnesium (375 mg) and vitamin B complex. Magnesium contributes to the normal muscle function and normal functioning of the nervous system.

Vitamins B2, B6, and B12 contribute to normal energy-yielding metabolism and the reduction of tiredness and fatigue. Niacin and folic acid contribute to normal psychological function, and pantothenic acid contributes to normal mental capacities.

Magnesium 375 in microgranules is a high-quality food supplement for use without water. This practical method of application directly into the mouth is ideal for everyday use, while travelling and for busy people.

Gluten-free, lactose-free, suitable for vegans.

Recommended dose:

Adults and children over the age of 12: take one sachet a day.

Dosage per sachet: Mg 375 mg, B6 1.4 mg, and B9 200 mcg.

VITAMINS AND MINERALS

VITAMINS IN SACHETS / FERRO PLUS

Packaging: 20 sachets with mouth-dissolving microgranules

For energy, immunity, and normal oxygen transport.

For children and adults.

One sachet contains active form of iron (ferric pyrophosphate, active form of folic acid 5-MTHF), 100% of the nutrient reference value of vitamins B2, B6, B12, and vitamin C.

A combination of ingredients is recommended to be taken in the stages of intensive growth of children, by women of reproductive age, and in case of insufficient iron intake.

High bioavailability of iron ions for absorption.

Higher utilisation of ingested iron.

No metallic taste.

No digestive side effects.

No teeth darkening.

Gluten-free, lactose-free.

Recommended dose

Children from 4 to 12 years: half a sachet a day.

Adults and children over 12 years: one sachet a day or as recommended by a doctor.

Dosage per sachet: 14 mg of iron, 80 mg of vitamin C, 1.4 mg of vitamin B2, 1.4 mg of vitamin B6, 2.5 mcg of vitamin B12, and 200 mcg of folic acid.

VITAMINS IN SACHETS / C 1000 COMBO

Packaging: 20 sachets with mouth dissolving microgranules

A direct dose of daily energy.

C 1000 combo provides a combination of two forms of vitamin C. The combination of "acidic form" (L-ascorbic acid) and "non-acidic form" – mineral salt of vitamin C (Na-ascorbate) ensures:

- better tolerance
- no feeling of heaviness
- improved patient compliance
- a high dose of vitamin C.

A high concentration that:

- provides protection against viruses and bacteria
- stimulates energy-yielding metabolism in the body
- comes in a practical packaging ready for immediate use.

Gluten-free, lactose-free.

Recommended dose

Slowly pour the contents of the sachet directly into the mouth, without taking any liquid.

Dosage per sachet: 1000 mg of vitamin C, 2000 IU of vitamin D, and 15 mg of zinc.

VITAMINS AND MINERALS

VITAMINS AND MINERALS IN CAPSULES

Packaging: PET jar, 10 – 500 capsules

Your optimum dose of 13 vitamins and 9 minerals.

The formula contains 13 vitamins and 9 minerals. Vitamins B6, B9, B12, C, and iron contribute to the reduction of tiredness and fatigue and normal function of the immune system.

Suitable for vegetarians.

Recommended dose

Children and adults above 12 years of age take one capsule with a meal.

One capsule: vit A, D3, E, K1, C, B1, B2, B5, B6, folic acid, B12, pantothenic acid, calcium, iron, magnesium, zinc, copper, manganese, selenium, molybdenum, iodine, and chromium.

VITAMINS IN CAPSULES / B COMPLEX

Packaging: PET jar, 10 – 500 capsules

Relax and notice the difference with the B complex. Highly concentrated B complex product.

B complex vitamins participate in many physiological functions and are important for the maintenance of the health of the human body.

Vitamins B1, B2, B3, B6, B7, and B12 contribute to normal functioning of the nervous system. B complex vitamins contribute to the normal function of the immune system (B6, B9 and B12), normal psychological function (B1, B3, B7, B9, and B12), contribute to the reduction of tiredness and fatigue (B2, B3, B5, B6, B9, and B12), while vitamin B5 contributes to normal mental performance.

Vitamin B1 contributes to the normal function of the heart, and vitamin B2 contributes to the maintenance of normal vision.

Gluten-free, sugar-free.

Recommended dose

Take 1 capsule a day.

One capsule contains B1, B2, B3, B5, B6, B7, B9, and B12 in a high concentration.

VITAMINS AND MINERALS

VITAMINS IN CAPSULES / VITAMIN C 500

Packaging: PET jar, 10 – 500 capsules

Vitamin C – the pillar of immunity for everyone.

One capsule contains 500 mg of vitamin C.

Vitamin C contributes to the normal function of the immune system and protection of cells from oxidative stress. It also has a role in normal energy-yielding metabolism and the reduction of tiredness and fatigue.

Vitamin C increases iron absorption and contributes to normal collagen formation for the normal function of bones, cartilage, gums, teeth, skin, and blood vessels.

Gluten-free.

Recommended dose

Take 1 capsule a day.

One capsule: 500 mg of vitamin C.

VITAMINS IN CAPSULES / VITAMIN B12

Packaging: PET jar, 10 – 500 capsules

A break from the hectic everyday life in one capsule.

Vitamin B12 in its most effective biologically active form, methylcobalamin, which is quickly and easily absorbed by the body.

Vitamin B12 contributes to normal energy-yielding metabolism, the functioning of the nervous and immune systems, homocysteine metabolism, psychological function, red blood cell formation, the reduction of tiredness and fatigue, and plays a role in the process of cell division.

Gluten-free, lactose-free, sugar-free

Recommended dose

Children and adults above 12 years of age take one capsule with a meal.

One capsule contains 100 mcg of vitamin B12.

VITAMINS AND MINERALS

VITAMINS IN CAPSULES / ACTIVE FOLIC ACID

Packaging: PET jar, 10 – 500 capsules

A step towards vitality and well-being

Dietary supplement with folic acid

L-5-methyltetrahydrofolate, as the active form of folic acid, is the best choice for supplementation with this vitamin because the body can fully utilize it.

Active folic acid is recommended for:

- all women of reproductive age,
- women planning pregnancy,
- pregnant and breastfeeding women,
- in cases of folate deficiency in the blood,
- for hyperhomocysteinemia and anemia.

Gluten-free, lactose-free, sugar-free

Recommended dose

Children and adults above 12 years of age take 1 capsule with a meal.

A daily dose contains 400 µg of folic acid (L-5-methyltetrahydrofolate).

VITAMINS IN CAPSULES / MAGNESIUM EFFECT 375

Packaging: PET jar, 10 – 500 capsules

A daily dose of relaxation.

Dietary supplement with magnesium and vitamin B6 .

Magnesium and vitamin B6 contribute to the reduction of tiredness and fatigue, normal energy-yielding metabolism, normal functioning of the nervous system, and normal psychological function.

Magnesium 375 is recommended for:

- Individuals with disrupted sleep cycles
- Calming inflammatory conditions in the body (including heart disease and diabetes)
- Anxiety, depression, insomnia, and increased exposure to stress

Gluten-free, sugar-free.

Recommended dose

Children and adults above 12 years of age take 3 capsule with a meal.

A daily dose contains 375 mg of magnesium and 20 mg of vitamin B6 .

VITAMINS AND MINERALS

VITAMINS IN CAPSULES / SELENIUM

Packaging: PET jar, 10 – 500 capsules

Protects against internal and external challenges.

The formulation contains L-selenomethionine with added vitamin E for synergistic action

Selenium contributes to the maintenance of healthy hair, normal nails, the normal function of the immune system and thyroid, and the protection of cells from oxidative stress.

Vitamin E contributes to the protection of cells from oxidative stress and promotes the absorption of selenium.

Gluten-free, lactose-free, sugar-free

Recommended dose

Children and adults above 12 years of age take one capsule with a meal.

A daily dose contains 200 µg of selenium and 12 mg of vitamin E.

VITAMINS IN CAPSULES / MEMO BOOSTER

Packaging: PET jar, 10 – 500 capsules

Dietary supplement with ginkgo extract, vitamin B12, and pantothenic acid.

Our dietary supplement is formulated for those who want to naturally enhance their mental and physical abilities.

Ginkgo helps maintain memory as you age and preserve cognitive function.

Pantothenic acid (B5) contributes to normal energy metabolism, reduces tiredness and fatigue, and supports normal mental performance.

Vitamin B12 supports the normal functioning of the nervous system, normal psychological function, and the immune system, as well as reduces tiredness and fatigue.

Gluten-free, lactose-free, sugar-free

Recommended dose

Children and adults above 12 years of age take one capsule with a meal.

A daily dose contains contains 80 mg of ginkgo extract, 6 mg of pantothenic acid, and 2.5 mcg of vitamin B12.

VITAMINS AND MINERALS

One capsule contains contains 22 mg of zinc, 1 mg of copper, and 80 mg of vitamin C.

VITAMINS IN CAPSULES ZN+CU

Packaging: PET jar, 10 – 500 capsules

A daily dose of inner balance.

A dietary supplement with chelated forms of zinc and copper, along with vitamin C. The chelated bisglycinate form ensures a high level of absorption for zinc and copper. Since taking zinc can reduce copper levels in the body, it is ideal to combine these two minerals simultaneously.

It is recommended for:

- Strengthening the immune system and during sudden drops in immunity (canker sores, herpes)
- Faster wound healing
- Sudden loss of hair pigment
- Supporting the male reproductive system
- Individuals following a gluten-free diet (those with celiac disease)

Gluten-free, lactose-free, sugar-free

Recommended dose

Children and adults above 12 years of age take one capsule with a meal.

One capsule contains 150 mg of microencapsulated sodium butyrate.

VITAMINS IN CAPSULES / SODIUM BUTYRATE

Packaging: PET jar, 10 – 500 capsules

Butyrates are a major source of energy for colon epithelial cells (colonocytes). In addition, several studies have shown that butyrate, besides providing energy to colonocytes, ensures their growth and differentiation and enhances the colon's defensive role.

When to recommend it?

- In bowel disorders (irritable bowel syndrome – IBS).
- In diarrhea after antibiotic therapy.
- In gastrointestinal infections and inflammatory diseases of the gastric mucosa.
- In gut microbiota disorders.
- When suffering from deficiency in short-chain fatty acids.
- In patients after cancer treatment (e.g. intestinal inflammation after radiotherapy).
- For the prevention of traveler's diarrhea.

Recommended dose

2*150 mg a day.

IMMUNITY

IMMUNITY SOLUTION CAPSULES

Packaging: PET jar, 10 – 500 capsules

For a strong immune system of adults – Beta – Glucans with yeast origin.

Immunity capsules contain highly-purified beta-(1,3/1,6)-D-glucan isolated from the cell wall of the yeast *Saccharomyces cerevisiae* and 100% of the recommended intake of vitamin C which contributes to the normal function of the immune system and reduction of tiredness and fatigue.

Recommended dose

A dose of 1 capsule a day, half an hour before a meal or two hours after a meal. In case of increased needs, a double dose may be taken.

A daily dose contains 500 mg of beta-glucan (1,3/1,6) and 80 mg of vitamin C.

IMMUNITY PLUS CAPSULES

Packaging: PET jar, 10 – 500 capsules

For extra immunity.

For your energy and immunity: a powerful combination of antioxidants that reduces tiredness and fatigue. Boost your immune system in a natural way.

Immunity plus capsules contain highly-purified beta-(1-3/1,6)-D-glucan isolated from the cell wall of the yeast *Saccharomyces cerevisiae*, vitamin C, zinc, coenzyme Q10, and ginseng root extract.

Vitamin C and zinc contribute to the normal function of the immune system. Vitamin C has a role in the reduction of tiredness and fatigue. Zinc contributes to the maintenance of normal bones, hair, nails, skin, and vision.

Recommended dose

Immunity plus capsules are taken as an aid to the function of the immune system in a dose of 1 to 2 capsules a day. The recommended length of use is 2 to 3 months.

A daily dose contains (1 capsule) 266.7 mg of beta-glucan, 90 mg of vitamin C, 10 mg of Q10, 10 mg of ginseng root extract, and 7.5 mg of zinc.

IMMUNITY

IMMUNITY 700 PLUS CAPSULES

Packaging: PET jar, 10 – 500 caps

A complete formula for energy, immunity, and concentration. It is used to boost immunity, to overcome the feeling of chronic fatigue, to achieve better concentration, and to achieve better working ability and cognitive functions.

Immunity plus capsules contain highly-purified beta-(1-3/1,6)-D-glucan isolated from the cell wall of the yeast *Saccharomyces cerevisiae*, vitamin C, zinc, coenzyme Q10, and ginseng root extract.

Gluten-free, sugar-free.

Recommended dose

A dose of 2 capsules a day, half an hour before a meal or two hours after a meal. The recommended length of use is 2 to 3 months.

A daily dose contains (2 capsules) 700 mg of beta-glucan (1,3/1,6), 150 mg of vitamin C, 20 mg of Q10, 20 mg of ginseng root extract, and 15 mg of zinc.

D3 DIRECT 4000 IU

Packaging: 3 – 30 sachets, mouth-dissolving microgranules

A combination of ingredients for strong immunity and effective protection from viruses and bacteria.

The strongest combination of active ingredients that strengthens the immune system and reduces tiredness and fatigue.

Vitamins D and C and minerals zinc and selenium contribute to the normal function of the immune system.

Vitamin D and zinc contribute to the maintenance of normal bones and skin and to normal muscle function.

Vitamin D contributes to the maintenance of normal teeth.

Gluten-free.

Recommended dose

Adults and children over the age of 12: take one sachet a day. Dissolve the contents of the sachet directly in the mouth without taking any liquid.

One sachet contains 4000 IU of D3, 15 mg of zinc, 55 mcg of selenium, and 300 mg of vitamin C.

IMMUNITY

IMMUNITY PLUS VIALS

Packaging: 16 PET vials of 25 ml

Immunity plus vials represents the tipping point of natural biosynthesis due to a combination of substances that are uniquely found only in its composition.

Liquid food supplement with royal jelly, vitamins C and D, zinc, and selenium.

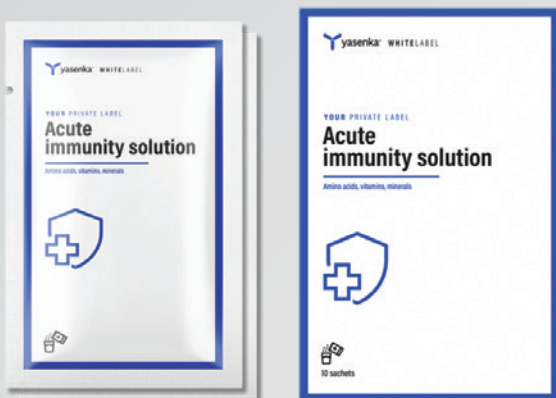

It strengthens immunity, boosts energy, increases the body's resistance to infections, has proven antibacterial, anti-inflammatory, and antiviral effects, has a beneficial effect on respiratory problems, and enhances skin volume and elasticity.

Gluten-free, sugar-free.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use.

A daily dose of 1 vial contains 1500 mg of royal jelly, 80 mg of vitamin C, 5 mcg of vitamin D, 10 mg of zinc, and 55 mcg of selenium.

ACUTE IMMUNITY SOLUTION

Packaging: sachet, 3 – 10 sachets

Food supplement with 7 vitamins, 7 minerals, and 11 amino acids.

Helps in a faster recovery and stimulates the formation of immune cells important for the efficient functioning of the immune system.

Gluten-free, sugar-free.

Recommended dose

Take one sachet a day. It is recommended to be taken acutely, when the body is fighting an infection, or when there is a chronic lack of energy.

One sachet contains 7 vitamins, 7 minerals, and 11 amino acids.

IMMUNITY

BOTANICAL MIX FOR IMMUNITY AND PREVENTION

Packaging: sachet, 10 sachets

A combination of echinacea, black elderberry, astragalus root, acerola fruit vitamins, and minerals.

Stimulates immunity system in case of infection.
Has natural antiviral and antibacterial effect.
Helps in prevention and fast recovery from infection.

Gluten-free, lactose-free.

Recommended dose

Take one sachet a day dissolved in a glass of water.

One sachet contains extract of acerola fruit (natural source of vitamin C), extract of the herb purple echinacea, extract of black elder berries, extract of astragalus root, vitamin E, vitamin D, zinc, and selenium.

KIDS IMMUNITY

IMMUNITY PLUS JUNIOR VIALS

Packaging: 16 PET vials of 20 ml

This liquid food supplement with royal jelly, acerola extract, vitamins E, A, and B- complex is a superfood for children aged 3 and above.

This product supports the immune system, boosts energy levels, and increases the body's resistance to infections, while its proven antibacterial, anti-inflammatory, and antiviral properties provide effective support in cases of respiratory problems and enhance skin firmness and resilience.

Gluten-free, lactose-free.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use.

A daily dose of 1 vial contains 300 mg of royal jelly, including 4 mg of 10-HDA, 52mg of acerola extract providing 12.5 mg of vitamin C, 6 mg of vitamin E, 0.44 mg of vitamin B1, 0.56 mg of vitamin B2, 0.56 mg of vitamin B6, 1 mcg of vitamin B12, 80 mcg of folic acid, 20 mcg of biotin, 2.4 mg of pantothenic acid, 6.4 mg of niacin, and 400 mcg of vitamin A.

KIDS IMMUNITY

Contains: beta-(1,3/1,6)-D-glucan, vitamin C, zinc, and B complex vitamins.

IMMUNITY SOLUTION SYRUP CHILDREN

Packaging: glass bottle of 125 ml

Immunity solution syrup children contains highly-purified (min. 80%) beta-1,3/1,6-D-glucan isolated from the cell walls of the yeast *Saccharomyces cerevisiae*, vitamin C, zinc, and B complex vitamins.

Vitamin C, zinc, vitamins B6 and B12, and folic acid contribute to the normal function of the immune system. Vitamins C, B2, B12, B6, B1, pantothenic acid, niacin, and biotin contribute to the normal energy-yielding mechanism.

Vitamin C, B12, B6, B1, niacin, and biotin contribute to the normal functioning of the nervous system and normal psychological function, and zinc contributes to the normal cognitive function.

Gluten-free.

Recommended dose

According to body weight in a dose of 1 ml/5 kg body weight once a day during 1–3 months.

In case of increased need, it is recommended to take a double dose for the first three days.

The solution is taken in the morning on an empty stomach or in the evening before going to bed.

MULTIVITAMIN + INULIN SYRUP

Packaging: glass bottle of 225 ml

For stronger immunity and healthy digestion

LIQUID SUPPLEMENT WITH 12 VITAMINS, ZINC, SELENIUM, AND INULIN

Multivitamin + Inulin offers a formulation that contributes to strengthening immunity, increasing energy, regulating digestion, and ensuring the proper growth and development of every child. It contains 12 vitamins, zinc, selenium, and 100 mg of inulin, which is responsible for the child's healthy digestion. It contributes to strengthening immunity, increases energy, regulates digestion, and ensures proper growth and development of every child.

Recommended dose

Adults and children over 3 years old take 10 ml once a day.

Contains in the recommended dose 10 ml: inulin 100 mg, vitamin C 80 mg, vitamin B1 1.1 mg, vitamin B2 1.4 mg, vitamin B6 1.4 mg, vitamin B12 2.5 µg, folic acid 200 µg, biotin 50 µg, pantothenic acid 6 mg, niacin 16 mg, vitamin E 3 mg, vitamin A 800 µg, vitamin D 5 µg, zinc 10 mg, selenium 55 µg.

KIDS IMMUNITY

VITAMINS IN GUMMIES

Packaging: PET jar, 270 g / 60 gummies

Flavors: lemon; strawberry; apple

Dietary supplement; gummy candies with lemon, apple, and strawberry flavors.

The formulation contains:

- 11 vitamins and mineral iodine
- plant concentrates of purple carrot, spirulina, and safflower
- essential vitamins crucial for proper growth and development

One gummie: 40 mg of vitamin C, 8 mg of niacin, 4 mg of vitamin E, 0.7 mg of vitamin B2, 0.5 mg of vitamin B1, 0.5 mg of vitamin B6, 296 µg of vitamin A, 100 µg of folic acid, 20 µg of biotin, 2 µg of vitamin D, 1.25 µg of vitamin B12 and 15 µg of iodine.

SORE THROAT SPRAY JUNIOR

Packaging: PET jar, 10 – 500 capsules

Introducing our dietary supplement with a microencapsulated combination of 9 strains of probiotic bacteria and inulin.

Each capsule contains a carefully selected combination of 9 different strains of probiotic bacteria. These strains work synergistically to improve digestion, strengthen the immune system, and maintain the balance of gut microflora.

Our dietary supplement is enriched with inulin, a natural prebiotic that nourishes and stimulates the growth of good bacteria in the intestines. Inulin also helps maintain healthy digestion and can contribute to a feeling of fullness.

Recommended dose

The recommended daily dose is 1 capsule with food, taken with plenty of water.

A daily dose contains combination of 9 strains of probiotic bacteria (25. 5x10⁹ CFU/g) and 110 mg of inulin.

URINARY TRACT

UTI SACHETS

Packaging: 10 sachets

Your efficient and fast daily relief that lasts the whole day.

Fast and efficient solution for urinary tract infections, safe for use in pregnant and breastfeeding women.

Without causing bacterial resistance.

Gluten-free.

Recommended dose

One sachet a day, dissolved in a glass of water or juice.

One sachet contains 3000 mg of D-mannose, 450 mg of cranberry extract (standardised to 45 mg of PAC), 100 mg of dry birch extract, and 80 mg of vitamin C.

UTI D-MANNOSE DIRECT POWDER

Packaging: 20 sachets with mouth-dissolving microgranules

Direct relief lasting all day.

2 g of D-mannose – represents the first choice of clinically proven help for urinary tract problems.

100 mg of cranberry – active substances proanthocyanidins from cranberry act synergistically with D-mannose, preventing E. coli from adhering to the bladder epithelium cells.

- natural ingredients to which bacteria cannot develop resistance
- at the first signs of discomfort
- for fast and effective symptom relief
- safe for use with and after antibiotic therapy
- to prevent relapse occurrence
- for prevention

Ready-for-use form, no added flavourings, colours, or preservatives, for children and adults, for pregnant and breastfeeding women, for diabetics, for gluten- and lactose-intolerant persons.

Recommended dose

Take 25 ml (one ampoule) a day. Shake before use.

One sachet contains 2 g D-mannose and 100 mg of cranberry.

URINARY TRACT

UTI SYRUP

Packaging: glass bottle of 250 ml
Natural help for healthy urinary tract.

Uti syrup contains an innovative combination of cranberry extract, D-mannose, common knotgrass, and vitamin C. Cranberry is a natural help in the treatment of frequent infections of the urinary tract.

D-mannose acts in a simple way by firmly binding to surface fimbriae of bacteria E. coli. The binding affinity of E. coli to D-mannose is higher than the affinity of binding to the bladder cells.

Bacteria bound to D-mannose is excreted from the body by urination. Common knotgrass helps excrete water through the urinary tract.

Vitamin C contributes to the normal function of the immune system.

Recommended dose

Take 30 ml once a day.

A daily dose of 30 ml contains 2500 mg of D-mannose, 100 mg of common knotgrass extract, 100 mg of cranberry extract, and 80 mg of vitamin C.

HEART HEALTH

HEART HEALTH OMEGA-3 SOFT GEL SOLUTION

Packaging: PET jar, 10 – 500 capsules

Health for your heart and your blood vessels.

Eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA) contribute to the normal function of the heart.

The beneficial effect is achieved with a daily intake of 250 mg of EPA and DHA. Capsules also contain vitamin E which contributes to the protection of cells from oxidative stress.

Gluten-free, sugar-free.

Recommended dose

1 to 2 capsules a day, for a longer period.

One capsule contains 1000 mg fish oil, of which EPA comprises 150 mg, DHA 100 mg, and vitamin E 10 mg.

HEART HEALTH

HEART HEALTH 33/22

Packaging: Pet Jar, 10 – 500 Capsules

Dietary supplement with epa and dha omega-3 fatty acids

Contains more omega-3 fatty acids – EPA and DHA, and vitamin E for cell protection from oxidative stress. Omega-3 fatty acids EPA and DHA are essential fatty acids that:

- contribute to the normal function of the heart
- have a positive impact on lipid metabolism
- support the health of skin, joints, and bones
- are essential for normal cognitive functions
- reduce inflammatory processes in the body

Gluten-free, Lactose-free, Sugar-free.

Recommended Dose

Children and adults above 12 years of age take 1 capsule with a meal.

A daily dose contains 400 µg of folic acid (L-5-methyltetrahydrofolate).

COUGH SYRUPS

DRY COUGH SYRUP COMBO – MARSHMALLOW, PLANTAIN, AND LEMON BALM

Packaging: glass bottle of 150 ml

A strong natural formulation of marshmallow, plantain, and lemon balm that cleanses the airways, coats the mucous membranes, and has an antiviral effect.

Helps soothe irritated throat, pharynx, and vocal cords.

Gluten-free, sugar-free.

Suitable for children over the age of 3.

Recommended dose

Dry cough syrup combo can be taken three times a day, depending on the age, in the amount of 5 to 15 ml.

Contains: dry extract of marshmallow root, dry leaf extract of narrowleaf plantain, and dry extract of lemon balm leaf.

DRY COUGH SYRUP MONO

Packaging: glass bottle of 150 ml

Dry cough syrup mono comes in 2 versions: Plantain and Marshmallow.

Marshmallow helps soothe irritated upper respiratory tract. Plantain helps soothe irritated upper respiratory tract.

Suitable for children over the age of 3.

Gluten-free.

Recommended dose

BABY OPINTMENT WITH ZINC

Packaging: 60 g

Quickly absorbs and does not leave a white residue

The cream is used for daily skin care and protection. It is suitable for use in both children and adults to prevent irritation and redness. Zinc oxide soothes skin irritation. Zinc sulfate prevents bacterial infection in the irritated area. Almond oil rejuvenates and nourishes the skin. Vitamin E has antioxidant properties.

WHEN TO USE:

- for diaper rash in children and adults
- for skin redness and irritation (friction, sweating)
- for rejuvenating cracked and dry skin
- for insect bites and allergic hives
- for drying out acne and reducing irritation after depilation
- for reducing the risk of bacterial infection and pressure sores.

Instructions for use

Apply to clean and dry skin.

It contains zinc oxide, zinc sulfate, almond oil, vitamin E, sunflower seed oil.

BABY WET WIPES

Packaging: 72 pcs

Gentle from the start.

For daily cleansing and care of sensitive baby skin.

These wet wipes are ideal for cleansing and caring for sensitive baby skin during diaper changes.

After use, close the product with the lid to prevent it from drying out.

Alcohol-free, paraben-free, allergensfree, pH neutral.

It contains aloe vera, chamomile and almond extracts, and vitamin E.

BABY OINTMENT

Packaging: 150 and 500 ml

For daily care and protection of delicate baby skin.

Made according to a proven pharmacy formula. Used for daily care and protection of delicate baby skin in the diaper area.

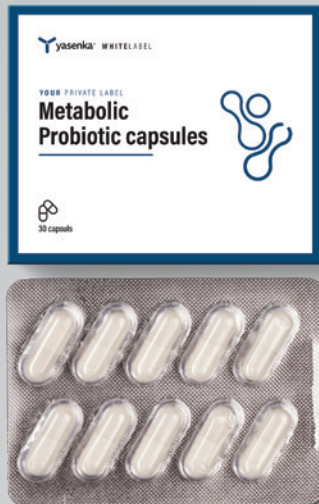

Protects the skin of newborns and young children from redness, irritation, and rashes.

Instructions for use

Apply baby ointment to clean and dry skin at each diaper change. Wash hands thoroughly before using the product.

It contains petrolatum, aqua, lanolin.

GASTRO

METABOLIC PROBIOTIC CAPSULES

Packaging: PET jar, 10 – 500 capsules

Introducing our dietary supplement with a microencapsulated combination of 9 strains of probiotic bacteria and inulin.

Each capsule contains a carefully selected combination of 9 different strains of probiotic bacteria. These strains work synergistically to improve digestion, strengthen the immune system, and maintain the balance of gut microflora.

Our dietary supplement is enriched with inulin, a natural prebiotic that nourishes and stimulates the growth of good bacteria in the intestines. Inulin also helps maintain healthy digestion and can contribute to a feeling of fullness.

Recommended dose

The recommended daily dose is 1 capsule with food, taken with plenty of water.

A daily dose contains combination of 9 strains of probiotic bacteria (25.5×10^9 CFU/g) and 110 mg of inulin.

ACTIVE CARBON 1200

Packaging: PET jar, 10 – 500 capsules

Dietary supplement with activated carbon. Activated carbon is an extremely powerful natural detoxifier that, due to its large absorptive surface area, can effectively absorb a wide range of organic and inorganic toxins. This product forms stable complexes with toxins, preventing their further breakdown in the gastrointestinal tract, thus aiding in their safe removal from the body.

Recommended for:

- Diarrhea
- Excessive bloating and discomfort
- In cases of food/drink poisoning or drug/toxin intoxication
- As protection of the digestive system from toxins and their metabolites
- To improve the normal function of the digestive system

Recommended dose

If needed, take one capsule up to three times a day after or between meals. The product is intended for adults and children from the age of three. For easier consumption, the capsule can be opened, and its contents mixed with water.

One capsule contains 400 mg of activated carbon.

MEDICAL DEVICE

MOSQUITO REPELLENT SPRAY

Packaging: PET spray bottle, 100 ml

Mosquito repellent spray against mosquitoes, ticks, and other insects. Protection for the whole family.

Our DEET FREE spray is based on 20% Icaridin, providing stronger and longer-lasting protection than DEET. It is safe for all items, including glasses and fishing gear.

The spray contains Icaridin, which is safe for use by adults and children over 2 years old. It is also safe for pregnant and breastfeeding women. The protection lasts up to 12 hours.

This spray lotion with 20% Icaridin is quickly absorbed and leaves no greasy residue. It does not cause irritation or skin hypersensitivity and has a low absorption rate.

Instructions for use

Apply the product evenly to uncovered and undamaged parts of the body that you want to protect. Repeat the application as needed at regular intervals.

It contains Ethanol, Demineralized water, Icaridin, Glycerin, Citric acid.

VEIN EMULGEL

Packaging: 100 ml

Vein emulgel contains extracts of horse chestnut, butcher's broom, and aloe vera, as well as the plant flavonoid troxerutin.

It is used for the daily care of tired and heavy legs with difficulties in venous circulation. Escin from horse chestnut and troxerutin improve skin blood circulation, while almond oil nourishes the skin.

Venesal is easy to apply and spread, absorbs quickly, and does not leave a greasy residue. It does not contain artificial colors, fragrances, or preservatives.

Instructions for use

Apply to the skin and gently massage 1-2 times a day or as needed.

It contains: Aqua; Isoamyl Laurate; Glycerin; Aesculus Hippocastanum Seed Extract; Prunus Amygdalus Dulcis Oil; Olus Oil; Glyceryl Stearate Citrate; Cetearyl Alcohol; Ruscus Aculeatus Root Extract; Troxerutin; Xanthan gum; Citrus Aurantium Dulcis Peel Oil Expressed; Sodium Levulinate; Aloe Barbadensis Leaf Extract; Glyceryl Caprylate; Tocopheryl Acetate; Sodium Anisate; Maltodextrin.

MEDICAL DEVICE

ISOTONIC NASAL SPRAY

Packaging: PET spray bottle, 30 ml

Nasal spray intended for daily use.

It reduces irritation and dryness of the nasal mucosa, supports the treatment of rhinitis, sinusitis, and hay fever, washes away allergens, viruses, and bacteria from the nose, maintains hygiene and moisture of the nasal mucosa, and is preservative-free.

Instructions for use

It can be used several times a day, usually 2-6 times, depending on the need.

It contains isotonic sea water solution.

HIPERTONIC NASAL SPRAY

Packaging: PET spray bottle, 30 ml

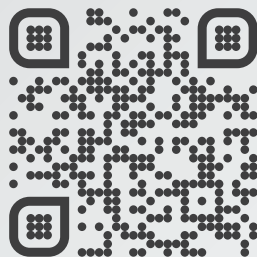

Nasal spray intended for daily use.

It helps to reduce nasal mucosa swelling, dissolves thick mucus, cleans and moisturizes the nasal mucosa, removes impurities, mucus, and pollen, and forms a protective film that prevents irritation from allergens and microorganisms.

Instructions for use

It can be used several times a day, usually 2-6 times, depending on the need.

It contains isotonic sea water solution.
